

# CHAPTER SPONSORSHIP CHANGE THE LIVES OF WORKING WOMEN

## The Problem

Working women are positioned to make a unique impact in the Kingdom at their workplaces. And yet, 1/3 of working women do not belong to a faith community. With loneliness on the rise and stats continually showing the inequity for women in the workplace, we saw a gap. Sadly, many working women feel disconnected in their faith communities – and it has left them isolated and unsupported. But it doesn't have to be this way.

## Our Approach

We give women the connection they crave, the professional development they deserve, and the Gospel they need. God is relentless in His desire to see women emboldened to make an impact – and we are determined to partner with Him in that effort. We equip and empower women through professional partnerships, our network membership, our regional chapters, and our annual Boldly Conference. Women have been invited to co-labor with God in His good work.

## Your Invitation

Affirm the value of working women by sponsoring a local chapter. Together we can provide the crucial tools, resources, and network to embolden women in their faith and work. Your partnership funds our efforts to encourage connection and develop leaders as we address the problem of loneliness and inequity experienced by working women of our generation. Will you partner with us today?
